Foreign Intelligence Surveillance Act (FISA). Section 702 allows government agencies to collect messages of foreigners overseas, including when they communicate with U.S. citizens. The program permits intelligence agencies and the FBI to search the archive of intercepted messages using Americans' names, phone numbers or email addresses, even though the information was gathered without a warrant.

Most critical question is WHO benefits from searching for top worst criminals and terrorists. Do WE GODS PEOPLE actually get the criminal assets seized as a result of WHO is actually investigated, arrested, and convicted into Prison and Death ROW. What are the true reality numbers of WHO controls manages oversees OUR very own New world [DOSJ.org](https://www.dosj.org)
Answer: ONLY member peers open public overseers of [FortuneONE.org](https://www.fortuneone.org) and [UNlocracy.org](https://www.unlocracy.org) as the worlds total decentralized everything and everyone use of EVOTE.ONE FOIA.ONE [reinvestALL.com](https://www.reinvestall.com)

Any criminal with any common sense always uses their victims assets and data information to persecute and make their criminal history and key live eyewitnesses go away forever. Includes assassinations, hit teams like intl terrorist Gun Club Militia group in Cary NC run by Douglas Vernon DUNCAN who just loves to shoot anything moving.
